

Game-changing channel ecosystem engagement.

Incentivize partner reps with gamified activations and expedited rewards fulfillment while delivering serious results for your business.

Incentivize partner achievement with programs that demand attention.

IncentivePilot activations can be used to boost activity inside your PRM, or drive completely new partner behaviors. These interactive games and campaigns make it easy to grow engagement. Quickly create and launch sales contests, activate partner reps to support new product launches, accelerate partner training, and more.

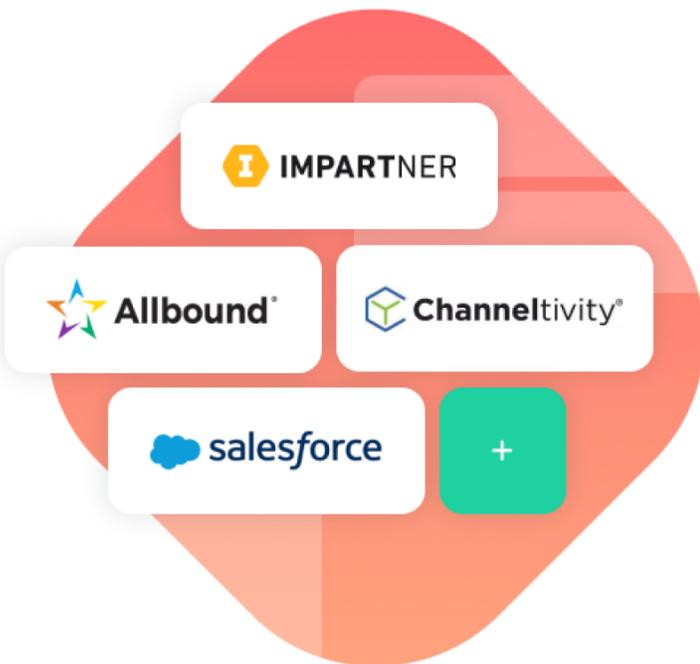

Get up and running in days not months.

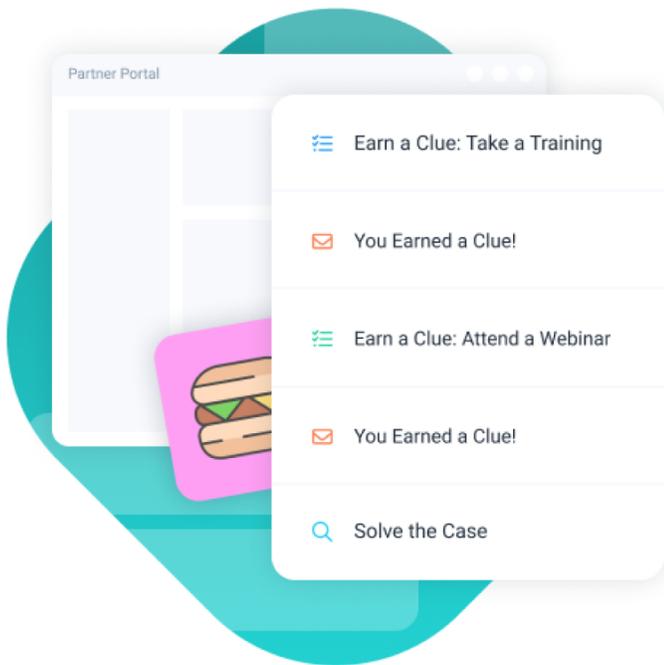

Leverage single sign-on (SSO) and APIs to automate engagement in your PRM.

Quickly swap activations from a growing library of gamified campaigns to keep things fresh and interesting quarter-over-quarter.

Get the critical touchpoints you need on the activities that grow pipeline and revenue.

IncentivePilot is proven to double engagement, save hours of management time, and generate serious ROI.

Touchpoints: The science behind high-performing channel programs.

After running hundreds of programs with millions of dollars invested, we've learned that getting a critical number of quality touchpoints with partners is the single most important factor for a program's success.

Automated, integrated gamification is the key to getting the critical touchpoints with sellers for a fraction of the traditional campaign investment of time and money.

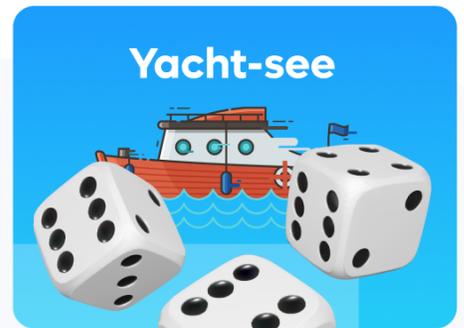

Activations that are effective as they are fun.
